

Walmart Associate Scholarship Renewal Guidelines

The process to renew the Walmart Associate Scholarship is flexible, allowing scholars the opportunity to request funds anytime within the Walmart Fiscal Year (Feb. 1-Jan. 31) when it works with their institution’s schedule, up to the yearly funding cap for their chosen degree or certificate program.

Renewal Support

Each time they wish to renew their scholarship, scholars **must**:

- Complete an online Payment Request
- Upload a current transcript or grade report that shows a term GPA of 2.0 or higher from your **most recently funded semester/term(s)**
- Upload a **class schedule** indicating enrollment for at least 3 additional credit hours in an upcoming semester/term

To remain eligible to renew, scholars **must**, beginning with the first full Walmart Fiscal Year (Feb 1-Jan. 31) after being awarded, scholars must renew their scholarship at least 2 times during each fiscal year. Scholars can continue to renew until the degree or certificate has been awarded, the funding limit has been reached, or the six-year time limit has lapsed, whichever comes first.

Supplemental Documents

In addition to completing the online Payment Request, scholars must submit the following materials to ISTS each time they renew:

Class Schedule – must be a document from the scholar’s institution that includes **all** of the following information:

- Scholar’s first and last name
- Name of the institution where the funds should be sent
- Course schedule for the semester/term for which the scholar is seeking funding
- Total number of credit hours scholar is scheduled to take during the semester/term for which he/she is seeking funding

Note: The information above must be part of the original document and cannot be handwritten.

Transcript/Grade Report – an unofficial transcript can be accepted as long as it includes the following information:

- Scholar’s first and last name
- Name of the institution where the scholar completed his/her most recently funded coursework
- Final grades, credits and GPA for coursework taken during the **most recently funded semester/term(s)**
 - A final grade report may be submitted along with the transcript if the final grades for the scholar’s most recently funded coursework do not appear on the transcript

Note: The information above must be part of the original document and cannot be handwritten.

Associate scholars may receive only one Walmart Associate Scholarship per degree or certificate sought and may not be in receipt of two awards simultaneously. If a scholar changes their degree type, completes the degree/certificate, reaches the overall maximum funding limit, or reaches the six-year time limit (whichever comes first), they are no longer eligible to renew the scholarship and must reapply for a new award. Eligible associates may apply for scholarship support for an unlimited number of certificates or degrees in succession.

Scholarship Payments

- Checks are issued by ISTS.
- Checks are made payable to and mailed directly to the accredited college or university last designated by the scholar.
- Scholars must complete the online Payment Request and provide all required supplemental documentation. Renewal funds will be issued only after all requirements to renew the scholarship have been met.
- It is the scholar's responsibility to notify ISTS should the scholarship check not arrive at the institution within 30 days of the issue date.

Funds can only be applied toward postsecondary education expenses at an accredited institution offering technical or undergraduate/graduate certificate programs, or undergraduate/graduate degrees. Funding can be used for tuition, books, fees and on-campus room & board. Funds may be applied to credit-bearing overseas study programs that are recognized by your home institution. Scholarship payments will be made to the home institution for study-abroad programs.

Conditions of Award

- The associate must be employed by a division of Walmart on the date that the award is announced.
- If the associate leaves Walmart after the scholarship is awarded, the former associate remains eligible to renew that particular scholarship, provided all other eligibility requirements are met. The former associate may continue at APU (if that is where the associate had been attending) but will no longer be eligible for the Lifelong Learning Discount for the renewal periods after leaving Walmart's employment.
- If, at any time, an associate receives funding from another source that covers full tuition, fees, books, and on-campus room & board for the same award period covered by this scholarship, the student is no longer eligible to receive Walmart funding and will relinquish the scholarship.
- Barring illness, emergency, or military service, associates must be enrolled for a minimum of 2 award periods (beginning with the first full fiscal year) within a single Walmart Fiscal Year (Feb. 1-Jan. 31) in order to retain the scholarship.

College/University Eligibility

The institution of enrollment must be an approved, accredited postsecondary institution of higher education listed on the official website of the U.S. Department of Education (<http://ope.ed.gov/accreditation/Search.aspx>). Scholarships cannot be applied to educational expenses at military academies.
